Matraville Sports High School is committed to catering for student's talents, both academically and in performance.

The school is a Selective Sports High School with an academically selective class in Years 7 – 10. In 2018 places in this class will be determined by testing as well as through an application process.

Testing for this class will take place on Tuesday the 21<sup>st</sup> March at 9.30 am in the school library. It is a general aptitude test recommended by our UNSW partners.

The test will be conducted online, and parents will be notified of an offer of placement into the selective class for 2018 before the end of Term 1.

Benefits of the academically selective class include:

- Children will be placed in the class for Years 7 – 10 (providing students are performing at a level comparable to their class), and will learn with like-minded others.
- The UNSW-Matraville Education Partnership supports the academic opportunities provided including tutoring, creative design opportunities at the university, scholarships to the GERRIC program, mathematics tutoring, and free music tuition.
- Students in this class also benefit from our ABC Television Partnership, and strong program with the Sydney Story Factory to enrich student's creative writing talents.
- Elite sports coaching in a variety of sports is also available to students in the academically selective class if required.

The duration of the test is approximately one hour and will provide the school with baseline data from which to identify gifted and talented students.

**Please fill out attached form and return to school office a.s.a.p. to register.**

**Then report to the front office by 9.15am on the day.**
